**DETAILED ACTION**

***Response to Arguments***

1. Applicant's arguments, see Appeal Brief, filed 4/8/05, with respect to claims 2-9, 11-12, and 22-34 have been fully considered and are persuasive. The rejections of claims 2-9, 11-12, and 22-34 have been withdrawn.

***Reasons for Allowance***

1. Claims 2-9 and 11-34 are allowed over the prior art of record. Claims 2-9 and 11-34 are renumbered as 1-32 respectively.

2. The prior art of record does not teach nor suggest the unique combination of "storing a first value in a storage device, with the first value including a plurality of bits and with those plurality of bits in a first state corresponding to clock cycles during which the usage of the bus occurs for the transaction" found in some variation in all the dependent claims 2, 11, 16 and 32, therefore the application is in condition for allowance.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled AComments on Statement of Reasons for Allowance.
